In 2021 there were 3302 abortions provided by MSI Leeds abortion centre.

In England and Wales there were over 200,000 abortions. Around one baby is killed in the womb for every three that are born. Baby's heart beat can be detected 5 weeks after conception and by 12 weeks, fingers and toes are fully formed

Model of baby at 12 weeks from conception.

“Before I formed you in the womb I knew you” The Bible Jeremiah 1:5

40 Days For Life is a peaceful prayer vigil and public witness outside abortion centres worldwide and volunteers are asked to sign up to a statement of peace. The vigil outside MSI Leeds is organised by Leeds People For Life and offers help to women to choose life.

Two incidents of many encounters outside the facility:-

Father stopped in car with 1 year old child. He thanked volunteers for being there a year ago when mum was considering abortion but changed her mind after seeing volunteers praying there. Young woman came past. In conversation she said “I wish you were here four years ago when I was forced to have an abortion”

Please consider coming along to join us between 7am-7pm (September 27th to November 5th) Help us to be the last sign of hope and the first sign of healing to those seeking or to those who have had abortions. We can arrange for someone to go with you to the vigil if it is your first time. Please help save lives.

Note: The Public Order Act 2023 has a provision to ban us from standing within 150m of an abortion facility. At the time of writing this has not been put into effect. If it is, then we will stand outside the 150m limit (see alternative locations on the map).
